"ANTI-RAT" CAMPAIGN at the west end of Marchbanks park for the past two weeks is paying off in dividends, one of which is shown here. Raymond Theep, northern county sanitarian, and Daly City Poundmaster Charles Maschinot reported today they believe most of the rats to be dead as they no longer are taking the bait. Earlier in the week, however, THE RECORD received a report that the rats were escaping the park area poison to adjacent residences. Mrs. William Day, 700 Niantic street, said that she is planning to circulate a petition to end the nuisance. Theep announced today that the poison program will continue for another four days before the entire area is filled in. Theep added that "no dumping" posters have already been erected.

Youth Drowns After DC Police Chase; Friend To Stand Manslaughter Charge

A 19-year-old San Francisco youth showed no remorse today after his joy-riding companion drowned in Lake Merced early this Thursday morning, climaxing a high-speed police chase from Daly City. Roger Vincent Maes, 19, welder of 270 Hazelwood drive, San Francisco, will be turned over to San Francisco authorities on a charge of felony manslaughter, according to local police.

Maes' dead companion has been identified as Warren Hatch, Jr., also 19, of 1078 Capitol avenue, San Francisco.

Daly City Police Officer Richard Phillips was chasing the pair, believed to have been involved in a hit and run accident in Westlake, when their car hit a traffic island, plunging the vehicle down a 25-foot cliff into the lake. Maes jumped clear and was apprehended by Phillips on the shore, and Hatch's body was found floating on the lake an hour and a half later by Daly City Fireman Henry Weisner.

Seen In Westlake

The two youths were first seen in Westlake at 2 a.m. by Neil Edward, Jr., Westlake Flying A gas station attendant, who reported to Phillips that two suspicious persons were loitering around the station and had just fled through the shopping plaza.

Before the officer had a chance to investigate, he received a radio call on a hit and run accident at 181 Park Plaza drive. Responding, he found autos owned by Ralph J. McKinney and Dr. Byron L. Riggs, both of 181 Park Plaza apartment, had been struck. The cars were hit with such force that they were pushed onto the sidewalk.

Abandon Car

An abandoned 1947 Ford, later found to be registered to Hatch's sister, was discovered at the rear of the Bank of America.

Patrolling the area in search for the culprits, Phillips spotted an auto pulling away from the curb at 199 Bel Mar. The officer pulled alongside and shouted for the driver to stop, but the vehicle sped off.

Taking chase, Phillips, two-year veteran of the force, said that he followed about five car lengths behind the speeding auto until the fatal accident. Daly City Sergeant August Benassini, who joined the chase behind Phillip's car, and Phillips were joined by other Daly City and San Francisco police in a few minutes.

"Maes Unconcerned"

Maes, who was found in a semi-conscious state by Phillips, was rushed to Alemany hospital via police ambulance. When told that his friend had been killed, Maes was unconcerned, officers said.

Meanwhile, police and firemen

$135,000 LINCOLN SITE APPROVED BY SCHOOL

The more expensive of two ten-acre sites for Abraham Lincoln school in Westlake was selected by the Jefferson Elementary School district board of trustees Wednesday night.

The land, on Skyline boulevard, was offered to the district by Henry Doelger, Builder, Inc., for $135,000, which will include all street improvements and underground utilities.

The site chosen by the district was full perimiter, being bounded on all sides by streets. The less expensive site, offered by Doelger for $113,000, contained the same amount of acreage but would have had a row of houses on one of its boundaries.

In a 4-1 vote, trustees accepted the more expensive site, subject to further negotiations with Doelger over the cost. Two appraisals will be made. Trustee Hartley Appleton voted against accepting the more costly land.

Officials Advise

Architect Mario Ciampi and Superintendent H. Z. Weibel advised purchasing the full perimeter site because of its accessibility, safety, public relations value and educational aspects.

"A difference of $22,000 may sound like a lot," said Weibel, "but when you figure the cost over the 100 years the land may be used, it's not much."

Appleton declared, "I'd rather see houses in back of the school than unimproved land like we've got at the Westlake plant."

Carl Timmons, Doelger engineer, suggested that the board contact Doelger immediately to start negotiations, since the building firm intends to file maps with the city for sub-dividing the land not used by the district.

Vista Grande OK

Trustees learned at Wednesday's meeting that the state allocations board had approved expenditure of $311,996.68 for Vista Grande school.

Majority of the project will be financed by state loan. Weibel told trustees that the board could call for bids on the job in the near future.

Wednesday's board session dragged on until 1:45 a.m. Thursday, despite a recent policy that all meetings would be concluded by 11:30 a.m.

Other action by the board Wednesday included:

1. Called for bids to improve Olympia play yard and portion of Garden Village kindergarten yard at estimated cost of $8000.

2. Made cash offer of $9500 for Wierzbicki property at Pershing school. Owner's offer was $10,500.

Election Campaign

3. Heard report from Peter J. Markovich, chairman of citizens committee for passage of authorization to borrow $2,500,000 in state money at election March 27.

4. Received letter from Doelger pointing out possible problems which would be encountered by adopting the "Oddstad" school plan for utilization of homes as classrooms in the Westlake area. Weibel will meet further with Doelger representatives on the issue.

5. Granted permission for principals to attend conferences in Los Angeles and for Dennis Huajardo, physical education coordinator, to attend confab in Sacramento, and Muriel Vint, music coordinator, to attend Santa Rosa conference. All the conferences will be held from

Cave-In Not Jeff Fault, Trustees Say

Jefferson Elementary School trustees took the stand Wednesday night that the district was not liable for the cave-in at Vista Del Mar school site which is threatening the home of James Bullis, 932 Bradley drive.

Heavy rains chopped off the bank adjacent to the Bullis home, so that it is now only a few feet from the edge of the 40-foot cliff, while it was 18 feet from the edge originally.

Two more feet of the bank slipped off this week, according to Trustee Mrs. Katherine Mullen. The Bullises have been forced to flee their home as the erosion further threatens their safety.

Opinions received by the board Wednesday from engineers was that "nothing can be done" until the area drains itself of water.

On February 1 the Bullis threatened to file suit against the school district and any other parties responsible. They were not present at this week's session.

Weibel said in event of suit against the district it's defense would be based on three premises —that it was an 'Act of God,' that the district did not contribute to the problem, and that the people themselves had contributed to the problem.

A letter from Woodward, Clyde Associates, soil engineers, said that the house was "not in immediate danger unless an unprecedented heavy rain should hit."

The board was unanimous in voting that the condition was not the fault of the school district.

Mrs. Del C. Wilson, Councilman's Wife, Dies After Illness

Mrs. Muriel L. Wilson, wife of Councilman Del C. Wilson, died Friday night at Comumnity hospital after a long illness. Monday's funeral services at W. C. Lasswell and company were attended by a large crowd of friends and city officials.

Mrs. Wilson, 257 Hillside boulevard, a native of California, is survived by two children, Kristine Gay, 8, and Mark Louis, 3. She was the daughter of Mrs. Agnes Meister of Daly City and the late Louis Meister. Mrs. Wilson, affectionately known as "Princess" to her friends, was 37 years old.

She was descended from a family prominent in the history of the United States. Her grandfather, John Meister, participated in the defense of the national capitol during the civil war and aided in the capture of John Wilkes Booth, Abraham Lincoln's assassinator. Mrs. Wilson's uncle was the first man to drive a stage coach through Amador county.

Mrs. Wilson moved to Daly City with her husband shortly after they were married ten years ago. Before her marriage, she attended school at Notre Dame college and Commerce high school.

Funeral services at W. C. Lasswell and company were followed Monday afternoon by interment at Golden Gate National cemetery.

Seven Probable Council Candidates Now Entered

With only a week remaining until filing deadline, seven candidates are in the race for two city council positions, two are vying for the treasurer's post, while there are still no contestants for the city clerk job.

Only new hopeful to take out papers for a city council position this week was Peter J. Becker Jr., 824 Templeton avenue, an electrician. Becker said he would disclose his platform as soon as he had received all his signatures on his nomination papers.

Others in the council race are Mayor Joseph Verducci and Councilman Edward J. Dennis, incumbents; Paul Hupf, Sam Grado, Joseph Lewkowitz and Harry Ross. Only Verducci and Dennis have filed but the others have all taken out nomination papers.

NOT GUILTY PLEA ENTERED BY ALLEGED BOOKIE

Adolph Cecchi 54-year-old owner of the Bocci Ball tavern, pleaded not guilty in municipal court this Thursday to a felony count of bookmaking.

The tavern proprietor, arrested by Broadmoor police and district attorney's aides Friday at 50 Rainier street, will appear for preliminary hearing next Thursday in Judge Thomas L. Bocci's court at 9:30 a.m. He is represented by Attorney Raymond Daba.

The raid was made by Broadmoor chief Ray Savage and officer Charles Manning, accompanied by district attorney's investigators Zachary Whitten and A. L. "Red" Lamport. District Attorney Keith Sorenson was also in on the arrest, along with his deputy, Howard Hartley.

Follow Tip

The officers, following up a tip they had been investigating for three weeks, finally obtained identification of the suspect.

After obtaining a search warrant with assistance of Sorenson,

One member of the council recall group was soliciting signatures at the local mortuary within minutes after funeral services had concluded for MRS. DEL WILSON, wife of one of the councilmen the group is seeking to recall.

Down with the old, up with the new: A former city councilman was decked Monday in Westlake by an acquaintance, who is presently a director in one of Daly City's property owners associations.

A few minuts later they were arm-in-arm buddies, so guess it was just a friendly fight.

The Rev. ROY W. MILAM, pastor of Westlake Community Baptist church, had to turn the other cheek recently.

Following his morning sermon, he was standing outside his church talking with members of the congregation.

While he whiled away the time talking of spiritual matters, some mundane thief stole his car which was parked near the church.

Daly City Building Up From December

Daly City building activity for January reached its highest peak since August, 1955, due in large part to the construction of 34 new Doelger homes in Westlake, according to Building Inspector George Hopman.

Total valuation of permits was $364,403, an increase of approximately $78,000 over December, 1955, but well under the $640,418 valuation of permits issued in January one year ago.

Erection of new homes accounted for the major part of the total, $347,763.

A permit was issued Friday for the erection of Westmoor High School at Westmoor and Edgemar road. Cost of construction will be $2,508,676.

During 1955, 839 permits were issued having a total valuation of $7,682,579. Height of activity was in June, with a total of $1,675,024.

Treasurer's Job May Be Set Full Time

The position of city treasurer, now held by a man who is an ardent foe of the administration, will undergo drastic changes under plans made by the city council Monday night in study session.

Treasurer Paul Selmi, who was asked to appear at the meeting Monday did not show up, but councilmen proceeded with discussion of changes for the position.

In a letter to the council, Selmi, leader of a group seeking recall of three Daly City councilmen, gave as his reason for not being present the fact that he was attending a conference on February 4 and 5 in Fresno.

First the council voted unanimously to move the office of treasuerer to city hall. Selmi now transacts city business from his own office at 39 Wellington avenue.

Most important change proposed by the council was establishment of the treasurer's job as a full-time position.

Mayor Joseph Verducci made the suggestion that the treasurer

Will Keep Trucks Off Hillside Blvd.

At the urging of citizens, the city council Monday night instructed the city attorney to include alternate truck routes in a traffic ordinance now being prepared.

Roy Foster, 536 Hillside boulevard, said heavy trucks were using Hillside to avoid the weigh station on Bayshore near Butler road in South San Francisco.

He said citizens in his area had asked for the truck route to keep the heavy vehicles off Hillside for more than a year.

City Attorney Frank Blum explained that the city had hesitated to set up a truck route for fear of jeopardizing chances of receiving county financial participation on Hillside boulevard projects. Now that the money has been allocated, he explained, the city could set up the route, directing the trucks to Mission street.

Threaten 'Legal Steps' On Fund Transfer Battle

The city council may have to take "legal steps" to force City Treasurer Paul Selmi to sign a warrant calling for transfer of $10,000 from one city fund to another, the city council decided Monday night.

Selmi has claimed that transfer of the money from the water replacement and extension fund to the water works fund is illegal.

City Attorney Frank Blum held a different opinion, however, as did City Auditor Robert Hunter and Controller Jerome Scharfman.

Said Blum, "There are sufficient monies in the fund and it's a legal transfer."

In answer to a question by Mayor Joseph Verducci as to methods of making Selmi comply with the council's transfer, Blum said, "I suggest you go to legal measures to get him to comply with the law."

Draw Up Papers

The attorney said he would draw up the necessary resolution for petition of writ of mandamus for next Tuesday night's meeting.

Councilman Edward Dennis charged Selmi was "not rendering a good public service."

Auditor Hunter said all laws were complied with in the transfer, while at a previous meeting the controller had held the transaction perfectly in accordance with fiscal practice.

In a letter to the controller January 27, Selmi said he had cancelled the warrant making the transfer. "This letter will serve as notice that I have cancelled the transfer," Selmi's letter elaborated.

Scharfman maintains that somehow Selmi is of the erroneous opinion that the money is being transferred to the general fund, which would constitute an illegal transaction.

Asked Councilman Micheal De Bernardi, "If the treasurer is so interested in this transfer, why didn't he notice it when we held public hearings on the budget?

Selmi, Attorney Hold Meeting On Transfer Squabble

Following a session with City Treasurer Paul Selmi Wednesday, City Attorney Frank Blum said the controversy over transfer of $10,000 from one municipal fund to another was probably a question of business procedure.

Selmi has refused to sign warrant transferring $10,000 from the replacement and extension fund to the water works fund.

Blum explained that Selmi main-

Hilltop Cab Company Burglarized Of $155

Hilltop Cab company, 6290 Mission street, was burglarized of $155 early Saturday morning. Police reported that the theft occurred sometime between 2 and 5:30 a.m. while the office was closed.

There were no signs of forced entry on the front door, but the cash box apparently had been pried open, officers said.

Theft was reported by Joe Hendrickson, office manager.

County Supervisors Permit Gas Station

Despite a petition signed by 335 residents of southeastern Daly City, the county board of supervisors reversed the county planning commission's decision Tuesday and decided to permit construction of a service station at Market street and Hillside boulevard.

Chairman Thomas J. Callan recommended the reversal. Lone negative vote was cast by Supervisor William M. Werder, who noted that objections to the station from a safety standpoint had been registered by the Daly City council and Jefferson Elementary School district.

The petitioners also protested from a safety standpoint, since the Colma Elementary school is half a block away.

An easement from the county is necessary to give the station exit and entrance on both streets. The planning commission had voted to deny the easement.

Cop Startled To Discover 'Body' On Mortuary Lawn

Police Officer Jerry Galindo, asigned to the graveyard shift early Saturday morning, did a double take when he spotted an apparently lifeless body on the front lawn of W. C. Lasswell and company, Mission street mortuary.

Upon investigation, Galindo found the "body" to be that of John I. Kelleher, 2869 Army street, San Francisco.

Spooky story ended with Kelleher being carted to the city jail where he was booked on a charge of being drunk in a public place.

RECALL DRIVE "GOING GOOD," LEADER CLAIMS

The drive to gain signatures for recall of three Daly City councilmen is "going good," according to Paul Selmi, leader of the recall group.

Selmi said yesterday that "We've really only just got started," pointing out that he as yet had no idea how many signatures had been obtained by the some 28 workers.

The political group, known as Better Government for Daly City, is out to recall Councilmen Del C. Wilson, Sanford Vickers and Micheal De Bernardi.

Selmi said his group would hold a meeting this week or early next week to determine how many signatures had been gained.

Approximately 1100 signatures, or 12 per cent of the registered voters, are needed on each recall petition to force the recall election.

The necessary signatures will have to be filed with the city clerk about March 12.

Asked if his group would wage a campaign to unseat the incumbent councilmen coming up for re-election, Mayor Joseph Verducci and Edward Dennis, Selmi said, "We'll let their records take care of them. I've got my own campaign to handle." Selmi has filed for re-election to the city treasurer post.

COUNCIL, HORSEMEN TO MEET ON MERCED BOULEVARD PROBLEM

A meeting with horsemen to discuss a solution to the hazards of horseback riding on Lake Merced boulevard in Daly City was called for by the city council Monday night.

Councilman Sanford Vickers recommended a meeting with the horsemen's group. Councilman Edward Dennis said he would contact the group to set up the meeting.

LOCAL EAGLES TO LAUNCH BALLOONS IN 'FREE' CRUSADE

Big, helium filled balloons will soar into the sky over San Francisco Sunday as the climax of a ceremony opening the 1956 Crusade for Freedom.

The launching, sponsored by the Colma Vista Grande Aerie No. 1848, FOE, of Daly City will be from the civic center in San Francisco at 1 p.m.

Members of Daly City Girl Scout Troop 1 have been chosen by the Aerie to help launch the freedom balloons.

George Christopher, mayor of San Francisco, will provide a motorcycle escort for the caravan of cars, which will leave 3344 San Jose avenue at 11:45 a.m. for the ceremonies.

All girls of Troops 1 will be in full uniform. Radio, television and newspapers will give coverage to the event.

Mrs. Audrey Sallade and Mrs. Betty Maschinot, leaders of Troop 1, are supervising their troop's part in the event.

"The public is invited, and children specially will enjoy it," said Eagle president Joseph Rayla.

"The ceremony will symbolize the balloon barrages that carry truth-telling leaflets by the millions over Europe's Iron Curtain to the freedom-hungry people of the satellite nations," added Del C. Wilson, local councilman and member of the Aerie.

The pastor wants it emphasized, however, that it was not a parishioner who was the culprit.

Contractor for Westmoor school is listed as ROBERT FARISH in a sign at the school site.

They haven't changed contractors, but Farish was the company handling the grading, and they haven't taken the sign down yet.

GUS SEBASTIANI, proprietor of San Pedro lunch, received this caustic note recently regarding an advertisement Gus runs for his establishment in this newspaper:

"Gus your advertising has a mistake. In spelling the word 'deliciozo' it should be spelled 'dellzioso.' Mistakes like this are very degrading to the Italian people. In the future please check the Italian dictionary for correct spellings. You can't afford a mistake."

It was signed, "a dumb paesano of Colma."

We'll take the blame off Gus' shoulders. Our advertising linguist goofed.

Seldom seen data: State Farm Insurance Co. has compiled a list showing which class of drivers are most accident-prone.

Managers of wholesale establishments rank as the safest, ahead of farm managers, foremen and supervisors.

While way down in 56th, only a few steps away from what the insurance firm says are the most unsafe drivers, are churchmen and church workers. Having no occupation at all puts one in the worst class as far as the actuaries are concerned, as unemployed are next to last on the sliding scale, just ahead of military enlisted personnel, as bad driving risks.

Plea For U. S. Flood Funds Is Unsuccessful

San Mateo county's appeal for federal funds for flood relief fell on deaf ears last Thursday before the state water resources board.

Thomas Callan Sr., chairman of the board of supervisors, returned from the unsuccessful jaunt to Sacramento and promptly charged that, "somebody must have fallen asleep" during the county's 14-year battle to obtain federal funds for flood control.

Callan said the county needed a "pressure group" to aid the campaign for federal aid.

Prior to appearing before the water board, Callan had said there might be a possibility of obtaining some funds to be used in the Broadmoor area.

worked dredging the lake for Hatch. His body smelled strongly of alcohol when dragged from the lake, police said.

Car which the youths were driving was discovered to have been stolen from R. A. Neylan, 199 Bel Mar, apartment 34, representative of a pharmacy company to which the auto was registered.

Hatch's sister, owner of the vehicle which the youths had apparently been driving earlier in the evening, said that her car also had been taken without her knowledge.

Maes, meanwhile, claimed loss of memory since the earlier hit and run accident. Police said he also refused to say whether or not he was driving at the time of the fatal accident.

Both youths have long records of law infractions, officers said.

It was included."

"If Selmi doesn't abide by the law, we'll just have to take legal steps," said Verducci.

The "White Letter"

The council's topic then changed to Selmi's "white letter" distributed last week which attacked the administration and explained "Why the Recall."

The mayor asked if the city treasurer could solicit funds through the mail for himself—signing his name as treasurer of Daly City.

Blum said he would contact the district attorney on this question.

Dennis then brought up the fact that, "Two years ago Selmi put out a similar pamphlet without a union label. There's no label on this isue, either. I'd like to know whose printing this so if we decide to sue we know whose liable."

"Two years ago Selmi derided the councilmen in office at that time. He is doing the same thing now. Evidently he's hard to please," observed the mayor.

A citizen in the audience, Don Lesher, president of Hillside Improvement association, queried, "Why does Selmi keep his job as treasurer if he's so dissatisfied? Either he should be head of the recall or treasurer."

The council will ask Selmi's presence again at Tuesday night's regular meet. In his letter explaining his absence, the treasurer asked that the session be set at a later date, and specified that it be a public meeting.

P. G. and E. answers your questions about automatic clothes dryers

Q. Do they really dry clothes as well as the sun?

A. Believe it or not, they do a better drying job. Clothes come out as much as 30% fluffier; built-in ozone lamps give them even more fresh-air fragrance than the sun itself. And you can dry the wash in *any* weather—even in a downpour.

Q. Do white clothes STAY white in a dryer?

A. Definitely! Properly rinsed, white clothes come out so snowy-white you can't tell them from laundry that's dried in the sun. No sooty clothes lines to get them dirty, either. And unlike the sun, a dryer never fades colored fabrics.

Q. How much work do they save?

A. A recent survey by a midwestern college shows you can dry the wash almost 50 times as easily with an automatic dryer. Easy to see why: there's no lugging of heavy baskets . . . no pinning-up . . . no taking-in. You merely toss in the wash and flick a switch. Period. Your dryer does all the rest—even shuts itself off when clothes are dry.

Q. How much do they cost to buy?

A. Only a few dollars a week, after a small down payment. Average total price: about $225.

Q. And the cost to run them?

A. Just a few cents a week, thanks to P. G. and E.'s low rates.

Q. How long do they take to dry each load?

A. Average time for complete drying: only 30 minutes. Lighter fabrics such as nylon and silk dry even faster. The time is also shorter if you want your clothes slightly damp for ironing. (Incidentally, dryers and washers both take about the same time—so your dryer's ready to handle a second load as soon as it's washed.)

Q. How big a load will they handle?

A. Most dryers have a capacity of 9 pounds—about the same as automatic washing machines.

Q. What special features do various dryers have?

A. Whenever the door is opened on most makes, an interior light flashes on and a safety switch stops the dryer. Some makes also have a bell which rings when the dryer stops. And some let you dry man-made fibers with the heat shut off.

Q. Any special do's and don'ts for running a dryer?

A. Never overload your dryer. Take care not to *over*dry, or you'll set unnecessary wrinkles and rob clothes of their soft, "natural" feel. Dry starched clothes by themselves. Clean the lint trap after every washday (it's easy—and important). And go over the inside of your dryer with a damp cloth every month or so.

Selmi, Attorney Hold Meeting On Transfer Squabble

(Continued from page 1)

tains some of the water projects listed in the $10,000 transfer were already included in a transfer of $12,028 approved by the council in a resolution in December.

"Therefore," Blum continued, "Selmi says he doesn't know which projects come under the current transfer and which were already taken care of in the December resolution."

The attorney said, however, that Selmi had agreed the manner of $10,000 transfer was a legal transaction.

TOO MUCH POWER FOR THE BOARD

Last week the Daly City Employees association presented what amounted to an astounding request when they asked that sole authority in hiring and firing be turned over to the personnel board.

As the statutes now read, the city manager has this authority, subject, of course, to the council's confirmation and to review by the personnel board should an employee protest his dismissal.

Under present laws, the city manager does not have omnipotent powers over employee matters. The council and the personnel board act as checks over the administrative officer. Thus, employees have a fair opportunity for hearing should they have grievances.

But an all-powerful personnel board, made up of laymen who are selected by the council, themselves elected officers, would be a dangerous and most unhappy arrangement.

The manager would be stripped of any power whatsoever over the employees, and thus there would be no central authority—the key to efficient administration.

A manager is a professional trained in supervising employees. the personnel board, though its members may be conscientious and sincere, could not possibly have the insight into every-day employee problems that would be necessary in hiring or dismissing a worker.

Even the employees, we feel, would soon discover that their grievances were multiplied with establishment of the personnel board as an omnipotent authority.

ONLY A WEEK TO REGISTER

Only a week remains during which Daly City residents can register to vote in the municipal election April 10.

Deadline is Thursday, February 16.

We reiterate our earlier appeal that every adult in Daly City who has fulfilled residency requirements avail himself of the opportunity to exercise his franchise at the polls by registering.

Not only is it good citizenship, but it means more to Daly City in dollars and cents. For every voter registered in certain newly annexed tracts, the city will receive approximately $26 annually ir state motor vehicle in lieu tax subventions.

Don't default on your right to vote by failing to register. No excuse is really adequate.

OLD GLORY auxiliary No. 2044, Veterans of Foreign Wars, will celebrate its 25th anniversary next month. Since its founding on March 13, 1931, it has received many honors and now boasts 65 members. VFW, Old Glory Auxiliary, Reaches 25-Year Mark

Editor's note: This is the twelfth of a series of articles on local women's organizations. THE RECORD will feature each women's club listed in our files in alphabetical order.

Much recognition for outstanding achievements has been received by the 65 members of Veterans of Foreign Wars, Old Glory auxiliary No. 2044, since the auxiliary's institution on March 13, 1931, 25 years ago.

Objects of the organization are to promote a fraternal, patriotic, historical and educational spirit, to aid and assist VFW post and auxiliary members whenever possible, to maintain true allegiance to the government of the United States of America and fidelity to its constitution and laws, to foster true patriotism, to maintain and extend the institutions of American freedom and equal rights and justice to all men and women, and to preserve and defend the United States of America from all her enemies whomsoever.

Cancer Work

Old Glory auxiliary is active in cancer fund work, community service, veterans hospital project and the Americanism programs which the VFW sponsors in the schools, according to Mrs. Eleanore Cochran, publicity chairman.

Many of the members devote a large portion of their time to visiting and entertaining patients at the Palo Alto veterans' hospital. The ladies also are conscientious about giving aid to local needy veterans and only last month, donated $150 worth of furniture and clothing to such a family.

The Eaton Rapids, Michigan, home for widows and orphans of veterans who have served overseas is also supported by the local auxiliary.

To raise money for these projects, the women sponsor whist parties and apron sales, besides gathering a large part of the needed revenue from the annual Buddy Poppy sale.

Friday Meets

The group meets the fourth Friday of each month to plan these activities.

At the auxiliary's last meeting, President Catherine McKeown presented 25-year pins for continuous membership to four women. They were Mesdames: Ethel Dorn, Florence Nesby, Camille Beckett and Louise Crowley.

These women with other members will celebrate the 25th anniversary of the auxiliary on March 3 at Copperwood Lodge. Also to be feted on the same evening is past presidents night for the auxiliary and past commanders night for the post.

Officers

Assisting Mrs. McKeown in officer posts are Mesdames: Leona Lombardi, senior vice president; Edna Correll, junior vice president; Elizabeth Sorensen, chaplain; Eleanore Cochran, secretary; Clara Poket, treasurer; Marjorie Johnson, conductress; Elsie Ireton, guard; Ruth Brulez, patriotic instructor; Josie Valenti, Bonnie Ellinwood, Ruth Brulez, trustees; Ethel Dorn, Marie Gehrig, Josie Valenti, Bonnie Ellinwood, color bearers, and Mary Conti, banner bearer.

LETTERS TO EDITOR

Laud Local Woman For Helping Nab Robbery Suspect

(Ed. note: Following is a letof commendation mailed to Mrs. Jack Klinger from the Daly City police department.)

Dear Madam:

This Department would like to express its gratitude to you for the services you rendered the City of Daly City on the morning of January 28, 1956. At that time, you notified this department of a robbery that was being perpetrated at the Standard Station, 2089 Junipero Serra boulevard. Through your efforts, the suspect was apprehended and later questioning of this suspect cleared up many outstanding major crimes that had been committed in the Bay Area.

It is largely through the efforts of citizens of your calibre that the functioning of a police department is successful. A copy of this letter will be forwarded to Mr. Howard I. Stites, City Manager.

May I again take this opportunity to thank you for your outstanding efforts as a citizen of this City. Please be advised that the facilities of this department will always be at your disposal.

Sincerely yours,
R. A. Petrocchi
Chief of Police

Mothers March Head Thanks Paper, Citizens

Dear Editor,

My most sincere thanks to your newspaper and the many mothers who worked so hard in the Daly City-Colma area "Mothers' March."

The residents of this area were most generous, and in addition your newspaper's continued efforts in behalf of the campaign have done much to combat polio.

If anyone was overlooked and still wishes to contribute please send it to my home.

Many thanks again,
Mrs. Sanford Vickers,
Chairman of Mothers' March
155 Abbot avenue

Soldier Looks Forward To Receiving RECORD

Dear Friend:

Enjoy very much the paper and look forward to receiving my copy. My address and rank have changed twice since I started receiving the paper.

I was promoted to Private First Class in June and was promoted to Specialist 3rd Class while in Japan.

'COOL CUSTOMER' FLEES WITH $165 FROM DC DRIVE-IN

A smooth operating bandit escaped with $165.56 from Sanford's drive-in restaurant early Saturday morning. Police said that the holdup was executed with such polish that customers only two feet away were unaware of the crime.

Mary Cathey, 25, waitress at the 7217 Mission street restaurant, told officers that the holdup man entered the cafe about 2:10 a.m. He ordered hot cakes, coffee and a glass of milk and about 25 minutes later approached the cash register as if to pay his bill.

Miss Cathey said he calmly handed her a brown paper bag on which was written "Give me all the big bills and don't turn around or I'll shoot you."

He then shoved a "hard metallic" object into her ribs, she said.

The waitress hurriedly filled the bag, and the bandit fled before anyone else in the restaurant was aware of the holdup.

Boy Vandals Wreck Playhouse, Toys Of Three DC Sisters

Sad homecoming for three sisters occurred Saturday afternoon when the youngsters returned from a movie to find their backyard playhouse a complete shambles and their dolls and Teddy bears ripped apart by two teen-age vandals.

The playhouse and toys belonged to Marlene, 13; Frances, 9, and Helen, 8, daughters of Mr. and Mrs. Allen Knox, 81 Alexander avenue.

Vandalism was discovered by the childrens' parents who returned to their home at 3 p.m. after an hour's absence. During the hour's time, the culprits had ransacked the playhouse, brken its windows and pulled arms and legs from dolls and stuffed animals. Also left in shreds was Mrs. Knox's lingerie which had been hanging on the clothesline.

Police are questioning teen-age suspects answering descriptions given by a neighbor who reported that she saw the culprits on the destruction spree. When the boys saw her look out her window, the neighbors said they fled.

DALY CITY GIRL SCARES MAYOR

Too much Wavelene Sloane, 21, of Daly City, turned Mayor George Christopher of San Francisco camera-shy when he was called upon to pose with Miss Sloane as part of his declaration of "Oklahoma Songfest week" (February 14-20), at the San Francisco city hall Monday.

The reason, said Christopher, one of the most photographed men in the city, was too much thigh in a costume worn by Miss Sloane, a native of Oklahoma.

When Miss Sloane appeared to present the state flag of Oklahoma to Christopher in a blouse, vest and short skirt, he said, "I'm sorry. I have no time. Please leave, everybody."

Miss Sloane went ahead—alone—with the scheduled posing, which is to herald a musical salute to Rogers and Hammerstein in Union Square next week and the local theatre opening of "Oklahoma."

BOY SCOUT TROOP 63 DOUBLES MEMBERSHIP IN TWO MONTHS' TIME

Boy Scout Troop 63 has become re-activated under the leadership of William Jonas, sixth grade teacher at Jefferson Elementary school, and Mack Boone of San Francisco State college. The new activity program has doubled the membership since November.

"There's still room for more," says Senior Patrol Leader David Iwahashi. "Our future program," he continues, "includes a knife and axe demonstration for the coming scout exposition at the Cow Palace, a camping program for the summer, and an upgrading plan for all the boys."

Troop 63 meets every Monday evening at 7 p.m. at 255 Vista Grande avenue and is sponsored by the Old Glory Post of the V.F.W.

Pfc. Ronald Dominguez Ends Combat Training

Pfc. Ronald E. Doninguez, son of Mrs. Mari Dominguez of Daly City, completed four weeks of individual combat training January 18 at the Marine Corps Base, Camp Pendleton.

The course of instruction included the latest infantry tactics, first aid, demolitions, field fortifications, and advanced schooling on weapons.

The training is given to Marines scheduled for duty overseas and to all graduates of recruit training before they are assigned to new duty stations.

Village Notes

PL 5-0679

Young Miss Terri Alba had her christening day recently at the Hope Lutheran church, with proud parents, Carol and Peter Alba, and equally proud godparents, Mr. and Mrs. Karl Pederson, in attendance. After the ceremony, everyone returned home to 87th street and a dinner party, with guests coming from Alameda, Concord, South San Francisco and San Francisco. They included Mr. and Mrs. Andrew Baptiste, Mr. and Mrs. William Larkin, Mr. and Mrs. Donald MacCarthy, and Mr. and Mrs. Hector Gonzales, Mr. and Mrs. Lloyd Gonzales from Philadelphia, Penn., were there also; they are currently visiting in Alameda.

The welcome mat is out for two new families in our Village. Richard and Margaret Frost have come to Washington street from S. F., bringing Judy, Jimmy and Donny with them. Sweetwood drive's new residents are Wayne and Elizabeth McBride, who came across the highway from Daly City. They originally came down SF way from Washington, California. Marcia, Wayne, Ellen Ann and Boyd are also members—and important ones—of the McBride family.

Warren Vocke has been surrounded with cups of coffee, scraps of paper, chewed pencil stubs and long lists of names, to say nothing of aspirin tablets for the wee small hours! His parade idea for one Cub Pack has grown steadily into something so mammoth that Warren is beginning to wonder why he ever had the idea in the first place! But he, and all the other people who have been trekking to the Vocke home on MacArthur, are quite enthusiastic over the whole thing. With all the Scout groups in Broadmoor and Garden Village, plus Indian Guides, plus groups from the Navy, Marines, national guard and others, this will be a parade indeed. People living on 87th street Maddux, Stewart, and Washington will have front row seats this Sunday. Parade time is 1 p.m., so plan to pick a square foot of sidewalk somewhere on the line of march, and bring your best cheers with you. You'll use 'em!

A Gay Day

Over Manila Way, Celia Andro turned seven, and invited her school friends and her neighbors in for a gay day. Roy and Carla Howard, Lee Williams, Jimmy Buchanan, Elaine Hagerman, Christine Reed, Seth and Gail Miller, Gregory Feist, Douglas Leonard, Frances Patterson, Nancy Blount, and Andrea and Chris Karis were all there, to say nothing of Celia's sisters—Nina Marie, Loretta, Martha and Mary Ann.

Sorry to say that the current crop of snuffly noses, red throats and coughs is much too big for comfort; let's hope everybody with these three troubles is soon without them. . . . Heard Sweetwood's Carl Johnson is home for convalescense after a stay in the hospital following an automobile accident. . . . Larry Finley and Connie Manis are now on the have-had-mumps list, along with quite a few others, no doubt!

Ed Glischinski has been having to take it a little easy for a while. Too much Navy duty all day and new-r o o m-on-the-house building evenings. He's been taking all the medical tests which go with the last five-year hitch in the Navy before retirement; as a matter of fact, he's in the medical branch himself, dentistry department. The room he's added to the Glischinski Maddux drive home is something, though. It's approximately a 16' square master bedroom with adjoining bath, and the full-wall closets are terrific!

It seems that in addition to his Navy and carpentry careers, Ed also has a sizeable one as a singer. For quite a long time now, he has been singing at weddings, masses and funerals, and his bass-baritone is much in demand for other special occasions as well. Daughter Mary Jean seems to have inherited his musical streak, for, at seven, she is already playing Bach after only some ten months of piano lessons.

Copper party of the week belongs to Harriet Hagerman. Alma Dier, Mickie Magnuson, Evelyn Long, Esther Howard, Ruth McCall, Cathy Gasser, Irene Moreno and Roberta Taylor were invited to Harriet's home on MacArthur to exclaim over the attractive display pieces, exchange news, and enjoy refreshments

An Evening Away

Out and About: The Roy Espostos took an evening away from home to see "Anniversary Waltz," as did the Ray Logans and the Arnie Thiels. . . . Shirley Clemens had a going-away party given for her by her sixth grade classmates at Benjamin Franklin school. . . . Wesley and Barbara Faust, once Broadmoorites, have been visiting back here. Not only that, but, after a stay in Washington state, they are now back in this area, living in Parkmerced. . . .Barbara O'Brien was also back visiting old friends on Beechwood last week, and enjoyed a luncheon with her neighbors-that-were. The O'Briens are now living in Ukiah.

Hazel Eagleton tells us she is looking for a good home for a very young lady cocker spaniel. Said young lady has soulful eyes, dark fur and excelent personal habits! How about it? Stop in at 1007 Nimitz or call PL 5-2324.

Jimmy Tobin had a 9th birthday not so long ago, and celebrated with a luncheon and a treat to the show. The house on Nimitz expanded comfortably enough to fit in guests Chester Thomas, Pam Kullberg, Johnny Spediacci, Fenton Pettit, Billy Eagleton, Jim's cousin Kathy Konn from Sacramento (an ex-Broadmoorite), and his brothers, Bill and Peter, all of whom came equipped with gifts and healthy appetites.

More new families—up on Beechwood. Bettye Coughlin, with son Mike and aunt Faye Taylor, came up this way from San Carlos, and Lorraine and Robert Daw, with children Denise and Bobby, moved down from SF. Glad to have you aboard!

Sweetwood has had visitors lately. Mr. and Mrs. Lyle Culp are staying with daughter Phyllis Serabian for a month or so; it's not their first visit to the SF area, but is their first to BV. Their home is in Point Roberts, Washington, and is out on a peninsula. The only way to get to it is to go up into Canada and around back down, which means going through customs twice each way!

STOLEN CAR STALLS: COPS CATCH CULPRIT

Local police discovered a 19-year-old San Francisco youth to be driving a stolen car early Sunday morning after the auto stalled in the fast lane of Mission street only five minutes after it was taken.

Jeff Students Offer Mature Panel Topics

"We will not break a trust placed in us," and "Education in social drinking and effects of liquor should come from home," were statements made by five Jefferson Union High school students at the last of the parent-education programs presented by the PTA Tuesday evening in the Little Theatre.

John Mongan steered discussions on matters facing young people today and introduced participants as above average students in ability and mature judgment. The students explained how they governed their own student body and elected their officers.

Then the discussion turned to national, state and local government. They were impressed with national government but they were shocked and indignant at the corruption and poor handling of state and local governments. They felt that adults were lax and that efforts should be made to have people vote and vote intelligently.

Other subjects covered included: how money is earned, where and why students worked, what they did with their funds, the facts about going steady, family restrictions as to what time they should arrive home from a date, social drinking among young people, school activities and the production of the yearbook.

Mongan brought out the fact that the students administer $5,000 which they raise to finance the yearbook. They have the sole disposition of this fund with the help of one counselor.

General Pershing News

In social studies we have been studying about our neighborhood. In connection with this we visited the fire house. We learned how the firemen help to protect our neighborhood. We also found out how the firemen have classes so they can learn of the best and newest methods of putting out a fire.

On Feb. 14, we will have a valentine's Day party. All the children will bring valentines.

We have had quite a few birthdays in our class. Congratulations to Sandra Campbell, Rita Johnson, Vesta Lee, and Sharen Soria.

We are sorry that so many children in our class are sick this month. Camy Edwards had to leave our class because of illness. Albert Peluffo, Michael Porter, and Elbert Yee are out with the measles. Colleen Ramsey and Skippy Galindo are home with a fever and a bad cold. We hope they will be well and back with us very shortly.

Our class enjoyed a trip to the Westlake fire house in connection with our social studies unit.

Officer Charles Munday came to visit our classroom and spoke to us about safety in crossing the streets and playing.

We were glad to welcome back Bruce Dale. He was out with the measles. Eleanor Yee, Loretta Bemis, Hayward Fontenot and Gerry Rodriques have the measles. We miss them.

The daffodil bulbs that we planted outside our windows last fall are growing. We planted sweetpea seeds this week. We hope that we will have pretty flowers before school is out.

Crockerites Report

Kindergarten - Mrs. Benofsky

The kindergarten classes made three experiments last month. We sprinkled grass seeds on a sponge, planted bean seeds, and put a sweet potato in a glass of water. We found that the grass seeds would grow without dirt, if they were kept wet. We learned that when the bean seeds start to sprout the roots grow first, before the leaves. Our sweet potato hasn't started to grow yet.

We are building a store. Some boys and girls made fruits and vegetables out of papier mache, and clay. Jeanette Oswald and Susan Madonish painted a red and yellow awning for our store.

Fifth Grade - Miss Kearney

During music appreciation period, the pupils of the fifth grade learned about the early life of Wolfgang Mozart and why he was called, "The Wonder Child."

The class listened to several recordings of his musical compositions.

This week they saw a strip film which showed scenes of early California including: The Greek Church at Fort Ross, General Vallejo's troops in 1836, Yerba Buena in 1837, Sutter's Fort as it appears today, the camp of the Donner Party and many other California land marks.

CONTEMPT ORDER DENIED IN OSRR RIGHT-OF-WAY CASE

Judge Louis Dematteis Wednesday denied the Ocean Shore Railway's petition asking that Daly City, the archibishop, Henry Doelger and several attorneys be held for contempt of court for spurning a 1930 superior court decision in the railroad's favor.

The several parties are seeking to have the railway's right-of-way through Daly City declared abandoned because of non-use.

In 1930 Judge Buck, in the case of Ocean Shore vs. Spring Valley Water Co., enjoined anyone from making a claim to the railway's right of way. Therefore, the OSRR contended that in asking for a declaration of abandonment, the litigants were in contempt of the Buck decision.

Dematteis discharged the order to show cause why the parties should not be held in contempt.

The trial to determine the right-of-way issue will open next Tuesday at 10 a.m. in Judge Dematteis superior court in Redwood City.

In early days, rivers were the principal highways for moving logs from forest to mill.

the party went to the home and smashed in the door.

They found Cecchi, who lives at 276 Elder avenue, Millbrae, alone in the upstairs portion of the residence.

According to Savage, betting records, daily charts and names of customers were impounded.

Savage said the police took seven bets over the phone after they arrived there.

The raided establishment is right in back of the Colma firehouse and across the street from Cecchi's tavern.

Only one phone was used in the operation, according to Savage.

$1500-A-Week Play

He estimated that weekly play at the home was $1500, which was described as "not too big an operation."

Broadmoor police commission chairman Harry Brown lauded the action of the police department and Chief Savage. "He had it set up beautifully," Brown related.

Cecchi is out on $5000 bond.

In other municipal court action Thursday:

1. Lloyd A. Franklin, 25-year-old Hayward man who admitted at least 20 armed robberies to Daly City police last week, including the assault hold-up at a Junipero Serra gas station January 29, waived preliminary hearing and was held at county jail, unable to make bail, which was set at $10,000 cash, $20,000 bond. He will be bound over to superior court for trial on a felony robbery charge. He is represented by Attorney John Putkey.

2. James C. Quinones of San Francisco, charged with speeding, refusing to sign a citation and obstructing a police officer on January 29, pleaded not guilty and will appear for trial March 8.

Treasurer's Job May Be Set Full Time

(Continued from Page 1)

move into the city hall, pointing out that Selmi had said this would be agreeable with him.

City Manager Howard Stites said space would be made available for setting up the treasurer's office in city hall.

Series of Questions

Verducci then began a series of questions aimed at determining just what the activities of the treasurer were.

He asked how much time Selmi spent on his duties and how much time his aide, Mrs Bernice Van der Werff, spent on city functions.

Stites revealed that Mrs. Van der Werff was a full-time city employee, but that she was not under civil service, but working under a temporary appointment. He also said there were names of two persons on the civil service eligibility list who would like to take the examination for the job. He recommended a competitive examination be held for the secretarial position.

Asked by Verducci if Mrs. Van der Werff devoted all her time to city matters, Stites said, "I really don't know. But I know her office opens at 9 a.m., while all city employees go to work at 8 a.m.

Verducci then directed Stites to write Selmi a letter asking him how much time he spent on his duties and what the job entails.

"City Matters?"

He also told Stites to ask if all of Selmi's secretary's time was devoted to city matters, why she was not civil service, what time she starts and ends work daily, "and anything else you deem important."

The mayor then said, "We wanted to get Selmi's recommendations tonight on possibility of making the treasurer's position full-time, but we'll have to ask him later."

He then told City Attorney Frank Blum to be prepared to draw up an ordinance making the treasurer's job full-time.

The ordinance would have to be rushed through in order to go into effect before the April 10 election, since state law forbids raising salary of an elective position immediately following the election. Selmi is a candidate for re-election. To date he is opposed for the job by only one candidate, Mrs. Jane Keith.

Verducci commented that by making the job full-time, "We may get some qualified people in there."

Inadequate Building Inspection Charged

The question of who is liable when inspection of buildings is inadequate was brought before the city council Monday night by members of the Hillside Improvement association.

Don Lesher, president of the group, claimed that inspection in many homes in his area had not been adequate.

"We're not complaining about the building inspector. We only want information."

Joseph Schultz claimed his home at 548 Atlanta street had never been inspected.

City Manager Howard Stites said this seemed improbable, since PG&E does not connect utilities until final inspection is made.

However, Stites said, the matter would be investigated.

Burlingame Dashes Indians Title Hopes With 2nd Win

Plans for a Jefferson High school basketball championship went awry Friday night as the Indians were upset by their old nemesis Burlingame, 61-53.

The loss knocked the previously front-running Indians varsity into second place, while San Mateo forged into undisputed first.

The Indians now have a 5-3 record, aganist San Mateo's 6-2.

It was the Burlingame five that had ousted Jefferson from the unbeaten ranks in the first round of NPAL play, and their second upset over the Daly City club was never in doubt Friday after the Panthers gunned to a 17-10 first-quarter lead. It was Jefferson's second consecutive defeat.

Pennies rained from the stands by irate Jefferson rooters couldn't stop the Burlingame onslought, especially the inspired play of Ron Stademan, who tanked 29 points for the night.

Stademan, hitting set shots from outside and jump shots from the key, kept the Panthers well ahead whenever Jefferson threatened to rally.

The Panthers held a 32-23 halftime advantage, 50-42 at the end of the third period.

Three Foul Out

Three of the Indian players, Larry Pottinger, Bill Curtis and Ray Vuillemainroy were lost to the Daly City club via the foul route.

Curtis had his best night on the courts, tanking 19 points as he hit nine of 13 set shots and a free throw.

Coach Mike Orlich's crew was actually beaten at the foul line, as they hit only 13 charity tosses, while Burlingame netted 21. Both clubs had 20 field goals.

Capuchino Mustangs will be host this Friday night for Jefferson high school's two basketball aggregations, with the first game on tap at 7:30 p.m.

Both Daly City clubs need wins to remain in contention in the NPAL race.

In the opening round, the Indians downed Capuchino, while the local 30s bowed to the Mustangs.

The NPAL season closes next Friday, with the Indians meeting rival South San Francisco on the Daly City courts.

In the lightweight fray, Jefferson remained a contender for a tie for first as they rallied from an eight-point deficit, after holding a margin by an equal number of points, to win, 34-33.

Lead Dwindles

The Indians took an eight-point lead in the first half, saw it dwindle down to a 17-17 tie at half, then scored on even terms with the Panthers in the third session, after trailing at one-time by eight points.

Angi Cassinil's bucket with 19 seconds remaining gave Burlingame a 33-32 lead, but Barry Haanan's lay-in with 13 seconds on the clock provided the one-point victory for the locals.

Haanan led Indian scoring with 9 points, followed by Stan Weld, 8, and George Rocchi, 7.

Coach Reflects Gloom As Baseball Practice Opens

Jeff High baseball coach Lou Martin, taking time out from his new duties as attendance supervisor, held a somewhat pessimistic outlook for 1956 as recruits showed up Monday for initial workouts.

With the opening practice game only two weeks away, February 20, Martin is faced with a job of rebuilding a new team. He lost six of last year's regulars. Only returning varsity veterans are pitchers Ray Vuillemainroy and Tex Prentice, and All-PAL first sacker Bob Bailey.

"We're small in number and small in stature," lamented the Indian coach.

Martin will probably have to rely on graduates from last year's frosh soph club to fill the gaping holes.

Potential starters from the F. S. club are Bill Strasburger, catcher, Ino Patron, sensational sophomore second baseman Mike Wedlake, short stop, Leroy Franzoia, third base.

Chief weakness will be in the outfield, says Martin. Bob Grubb, off-and-on player with the varsity last year, may find an opening slot.

Martin must wait until conclusion of the basketball season February 17 for the appearance of Vuillemainroy, Tom Cloutier, outfielder from Poly, and Barry Haanan, also another frosh-soph graduate.

Last year's varsity compiled a 20-9 record, one of the best in the school's history, but still finished third in the PAL.

Martin is entering his last year as a coach, having recently been appointed attendance supervisor. His new duties include disciplining, student body advisor and visual director.

V & F Keglers Hold Margin In Bowling

Vince & Fred held their 1½ game lead in the Daly City-Colma Bowling league at Brentwood Tuesday night by capturing a pair of wins from Paul's Flowers.

Babe DeLuca's big 230 game was high for the night, as he chalked up a 571 series for the V & F crew, while E. Ebinger tossed a 216 game for the winners.

R. Raggio shot a 203 for Paul's.

Westlake Homes and San Pedro Lunch, second and third, respectively, kept pace with a pair of wins apiece.

While H. Amstutz was hitting a 211 game, 535 series for the Westlakers, they took Brentwood Lodge Twice.

A 562 series by Del Fehl was instrumental in giving San Pedro their double victory over Carlos Pizzeria.

Thur Meat won a pair from Daly City Cleaners. G. Curry's 493 threesome was best for the victors.

Luce Meat also scored twice, with Starway Cocktails the victims. Tony Barsuglia banged a 213 game, 579 series, to place the Luce win.

DC Architect Wins National Acclaim

John Walter Kruse, 144 West Moltke street, recently won an award citation in the residential category of the third annual design awards program sponsored by "Progressive Architecture," a national architectural magazine. The local architect's winning design was for a family home in San Rafael.

Kruse is a member of the Northern California chapter of the American Institute of Architecture and also belongs to Tau Beta Pi and the Construction and Housing association. He is a graduate of Cornell university.

The "Progressive Architecture" competition is the only national architectural competition based on projects in the design stage rather than on completed buildings. From the more than 700 designs submitted by the country's leading architects, a first design award was selected, seven design awards were made in various building categories and 42 award citations were presented.

Golf Tips

By BILL McARTHUR
Professional, Treasure Island Driving Range

A a general rule any medium weighted club that is of standard length and has a medium whip in the shaft can be handled by most any person who is of average heighth and weight. (5' 6" to 6' 1") (150 to 200 lbs.)

There are exceptions of course, there being the exceptionally hard hitting low handicapped player, and the seniors who don't want to have to work so hard at the game any more. In the case of the hard hitter, he is usually looking for a fairly stiff shaft to allow for powerful hand action, while the senior player wants a club with a rather whippy shaft to compensate for lack of hand action.

In selecting golf clubs it is usually wise to seek the advice of a golf professional. He not only is trained to know what you might need, he is also trained to show how they may be used to the best advantage.

One bit of advice I would like to give you here is don't go looking for heavy clubs to solve the problem of hitting the ball a long way. Weight alone does not give you extra distance. Distance off the the tee is attained only through clubhead speed. The maximum amount of speed with the minimum amount of effort gets you distance. You cannot expect to control the ball if you have to swing hard. A heavy club with a stiff shaft is a poor combination for the average once-a-week golfer. Enjoy the game, let the clubs do the work. This is equally important in your irons also. Good shaft action is the key to a well hit, well controlled ball. Shaft action takes the place of hand action, and unless you are practicing steadily every week you aren't going to have the hand action for stiff shafts or heavy clubs.

Next Week: Weak Pitch Shots
